John S. Pratt, special prosecutor for the government, told the jury that he expected to show that McDowell was fair to his trust in accepting personal commissions on big sales.

Attorney Pratt said that he was prepared to show that in the sale of Berea Pipe Line, of Berea, Ky., to the Doherty interests, the \$250,000 asked by the pipe line company was raised to \$3,000,000 by McDowell on his own suggestion. McDowell received the difference, the attorney declared.

Mr. Pratt outlined other alleged transactions in which McDowell is charged with having received large commissions.

WIZARD DEFENDS KU KLUX KLAN

Dramatic Scene In Congress When Chief Officer Denies Charges of Lawlessness

Wizard Attacks Ex-Clansman

(By Associated Press)
Washington, Oct. 13—Resuming his testimony before the House Rules Committee, William J. Simmons, imperial wizard of the Ku Klux Klan, launched an attack against C. Anderson Wright, former clansman, who recently published what purported to be an expose of the order.

Simmons asserted the Klan was not organized for profit. He said his salary of a thousand dollars a month was fixed by the executive committee. Simmons produced Klan ritual and read many paragraphs which, he said, showed the Klan pure Americanism. The Klan membership, he said, did not exceed 90,000 and declared it had no counterpart of the Klan organized in the south after the Civil War.

Washington, Oct. 13—Sweeping denial of charges that the Ku Klux Klan contained within its ranks a lawless band of hooded hoodlums was made before a House committee Wednesday by William J. Simmons, of Atlanta, its founder and imperial wizard.

Turning squarely upon members who had listened intently for nearly two hours to a dramatic defense of the organization, Mr. Simmons declared "standing here in the presence of God" he wanted the world to know that if one thousandth part of the charges were true, he would forth with call together the grand council of the Klan for the purpose of forever disbanding it in every section of the United States.

Called after a number of negro witnesses from Boston and Chicago had urged a congressional inquiry of the Klan, the imperial wizard, first asking to be sworn, told the committee the Klan welcomed the investigation, but protested against attacks in some of the pending House resolutions.

The wizard was permitted to read his statement without interruption, although at the session today he will be questioned by committee members, especially with reference to published reports of various acts of vandalism charged to the Klan.

"There is no room in our organization for those who take the law into their own hands," he declared, banging the table. "We have been charged with everything from the wave of high prices to the sweeping march of the boll weevil. It has been charged that our primary aim was intimidation of the negro in the south. But it might surprise you to know that the growth of the Ku Klux Klan has been much greater in the north and the east than in the south."

Referring to the "attacks" on the Klan by Hearst newspapers Mr. Simmons, turning toward C. Anderson Wright, a former Klan member, who wrote a series of articles about the organization, said:

"Just as Judas betrayed Christ for thirty pieces of silver, so there was found by the Hearst paper C. Anderson Wright, former Klan member, who for money, betrayed his oath. My information is that the Hearst papers paid this man \$5,000 cash and \$100 a week as long as he worked on the stories and also agreed to protect him from any damages and other legal action resulting from his libelous stories, these stories being false from start to finish."

Denying that officials of the organization received large sums as salaries or bonuses, Mr. Simmons said:

"We are spending the surplus money of the Klan in further building and enlarging of Lanier University in Atlanta, Ga. We have spent and are spending on Lanier University \$150,000."

"The charge is made that we are organized to preach and teach religious intolerance and especially that we are anti-Roman Catholic, anti-Jew and anti-negro," Mr. Simmons continued. "The work of the Klan proves this absolutely untrue. Many alleged outrages have been attributed to the Klan, but none of these were against the Roman Catholics, Jews and negroes per se and none were committed by the Klan."

Sourwoods and 'Simmons Can't See G. O. P.

A prominent republican candidate was telling the members of the bar the other day of an amusing incident he had when posting some of his cards requesting the citizens of the county to vote for him. He said that he noticed a number of cards of his opponent tacked up at various places and that he invariably tacked one of his cards just under that of his opponent. He said that while thus engaged near Byebetown, a man rode up and watched him, and when he had finished tacking up the card, he explained to him that he was a candidate and requested the man to vote for the republican party. The man answered him: "What? Vote for the republican party? Do you think a man living on sourwoods in the sourwoods would vote for the republican party this year?"

First Christian Members Hold Home Prayer Meetings

An interesting series of mid-week prayer meeting services was inaugurated Wednesday night by the First Christian church. Instead of holding the regular mid-week service at the church, six sectional meetings were held in various parts of the city in the homes of members of the church.

At seven o'clock these homes were filled with neighborhood groups under the direction of a leader who had been provided from the church. In each home there was also furnished a pianist and leader of music for each meeting, while the male quartet, composed of W. L. Arnold, J. C. Ballard, J. C. Bowman, and Leonard Matherly, and accompanied by Mrs. H. W. Carpenter, provided the special music for the six meetings. There were 146 present in the groups which met in the following homes: Mr. and Mrs. Z. T. Rice, Mr. and Mrs. John Allman, Mr. and Mrs. Ed Carson, Mr. and Mrs. G. W. Pickens, Mrs. J. W. Caperton, and Mrs. A. M. Davison.

The leaders for these meetings were J. W. Hamilton, Prof. H. L. Donovan, G. G. Stocker, J. W. Wagers, T. E. Baldwin, and J. W. Arnold. Mr. Carpenter spoke briefly in each meeting on the social element in religious life. There was an average of 25 members in each home and meetings were greatly enjoyed not only because of the religious significance but because of the social element. The series, which is under the general supervision of Miss Carrie Allman, assistant in the First Christian church, will continue through a number of weeks touching every section of the city.

Joe Napier, of Breathitt county had five shots fired into his body causing instant death. The assassin escaped. Three deputies are on the trail.

Suddenly they have all grown up and left her—the babies she used to tuck in bed at night. The old house is empty and silent. All have forgotten her. Her birthdays pass unnoticed. Each child has embarked on a drama of his own. Loves, ambitions, temptations, carry them away. There are moments of laughter and comedy, romance, adventure, tragedy. The story of their lives sweeps you along. Your life—your home—your mother—as they might have been or as they are. "The Old Nest" will awaken deep in your heart memories of the mother to whom you ran with your childish troubles. Never before has the screen touched with such beauty and dramatic force a subject which finds an echo in the lives of every one of us. One of the most heart-gripping dramatic stories ever narrated. Everyone says—"The most wonderful picture ever produced!" You'll laugh—You'll cry—You'll love it.

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

to carry women safely through the Change of Life. She says:

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and was very discomforted and weak, so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more. It cured me and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose." —MRS. MARY LISTER, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms. Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the common ailments of women are not the surgical ones—they are not caused by serious dislocations or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

STATE'S APPLE CROP SMALL THIS YEAR

(By Associated Press)

Frankfort, Oct. 13—The apple crop in Kentucky this year will be only approximately one fourth what it was last year, according to reports made by farmers to Commissioner of Agriculture W. C. Hanna and to the United States Bureau of Markets and Crop Estimates at Louisville. The crop on October 1 gave promise of totaling 1,215,000 bushels as compared with 5,780,000 bushels last year.

The story of what growers say was the damage done by frost last spring, when killing frosts occurred long after the trees were in full bloom, is told by the reports of conditions in the various counties, 56 counties making no reports of condition on this crop. The best report came from Henderson county with a crop 80 per cent normal, with Logan county, where the condition was said to be 68 per cent of normal, second, and Ballard county reporting a crop of 63 per cent normal. Martin, Bath and Montgomery counties reported the lowest per cent, the crop in each being one per cent of normal. Daviess county, which is second only to Henderson as the banner apple county of the state, reported a crop 44 per cent normal.

CLARK HI TO PLAY MADISON HERE FRIDAY

On Friday afternoon at 3 o'clock on the Normal field the Madison High School will meet the strong team representing the Clark County High School at Winchester. The Madison squad has been showing fair form during the early part of the season. They have fine plunging power, but are unable to hold the ball. If they can develop the ability to keep the ball in their hands and not let it fall to the ground, they stand a good chance of winning some games by turkey day. Jim Allman has been showing marked improvements in the past few days. He is developing "pep" and has some of the elements of leadership.

The Clark County Hi team has been very unfortunate in losing some of their star players. Winchester City Hi has secured most of the Clark county men to change their school so that last year's great team at Clark County Hi has been broken up and they will have to start from the bottom again and go up. They have prospects, however, for a good team and Madison will have to fight for every inch of the ground that they gain.

The Madison eleven has mastered the shift play to a very telling effect and are said to have shown a very fine line in the game with Mt. Sterling last Friday. The boys have lost their first two games and are out to win this one. They have been showing a great deal of pep and after a little more practice they will be a very high polished eleven under Coach Lassiter.
